• YI Corner – 5 informal discussions during breaks
EFIM Exchange Program

Exchange Programme

The European Exchange Programme is going from strength to strength and is very popular and competitive among the young internists candidates. The programme in the residents is excellent and the participating Centers and Training Institutes provide the best possible experience. As you may know, the Exchange Programme of EFIM offers exciting opportunities for Young Internists to gain knowledge and skills and to become more confident and self-reliant in your professional practice and also in the realities of other European countries. Each National Society is sponsoring one scholarship per year for the Programme. There are only 20 scholarships available per year, provided by the National Societies of EFIM, FDIME and AMGEN Europe.

For applications the candidate must fill in online application and submit the requested documents below.

1) Application form: http://www.efim.org/efim-exchange-program-application-form
2) Curriculum vitae
3) Motivation letter for the Exchange
4) Support letter from the National Society
